In preparation, we are providing the current draft of the document (attached here again) and have scheduled an EPA-wide briefing for May 30th at 3:00 PM Eastern (calendar invite below).

If as you read the protocol you see show-stoppers or red flags that you would like to bring to our attention, please contact [Andrew Kraft](#), IRIS Associate Director for Science and NCEA PFAS Lead. Please also copy [Vicki Soto](#) in your communications as Andrew may be out during part of this month.
